

PRODUCT DESCRIPTION

Procura Slate is a 280 g/m² knitted polyester display textile with a grey backing that gives it excellent opacity. The grey back stops light and colour bleeding through from behind, so graphics stay dense and true against bright walls or when panels are mounted back to back. A slight 7% stretch lets it pull drum-tight into SEG frames without distortion, while the warp-knitted construction holds shape with minimal shrinkage. Slate prints via dye-sublimation direct or transfer.

SPECIFICATION

CHARACTERISTICS	METRIC	IMPERIAL
FABRIC CONTENT	100% Polyester Knit	
WEIGHT	280 g/m ²	8.3 oz
WEAVE METHOD	Warp-Knitted	
FIXATION / HEAT SET	190 °C, 30 sec.	374 °F, 30 sec.
SHRINKAGE	≈ 2%	
STRETCH	7%
